

Dia daoibh go léir arís!

Wasn't Active Week terrific! I hope you all had a great time.
We heard over the weekend that we wouldn't be going back to school again until September, so we'll just have to continue with our online work.
I know it's difficult and you must all be missing your friends.
The important thing is for us all to keep safe.
The following is a suggestion of some work you could do for the week ahead.
You may not have the time to do all this and that's ok.
Mind one another and be kind!

Continue with Mental Maths

Chapter 27 - Subtraction 3 p115-118

Using the 100 square count back 10 to get the answers.

Ask your child to colour in the number, count back 10 and colour in the answer.

After lots of this practice, our child should see that when you subtract by 10, you always move up one square.

<https://www.youtube.com/watch?v=9NRdxc0XjOg>

This site may help with this

Then you can move on to subtracting by 20.

Once your child gets this, they will easily be

Chapter 28 - P107-112 Money

Try to use real money please, as it definitely makes it easier.

Giving change can be difficult for children, so give them plenty of practice and time.

I have attached some Twinkl pages that might be of some use.

<https://ie.ixl.com/math/class-2>

This site has lots of valuable material. Just look under the money tab.

able to subtract by 30,40,etc

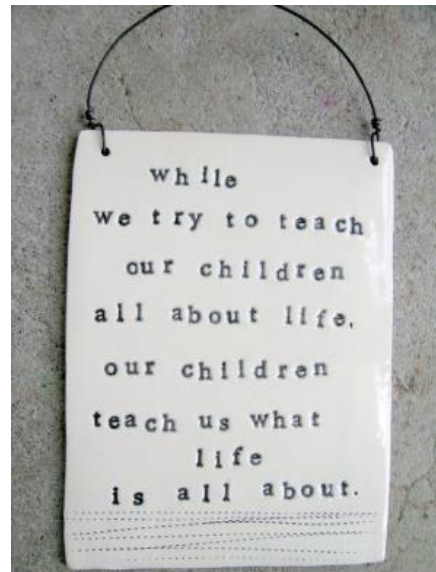

Pages 117 and 118 use the units with the units and the tens with the tens method and remember the units always come first. Khan Academy Subtraction video may help here. In our school, we use the word units instead of ones.

<https://www.youtube.com/watch?v=slIX9EDcHgE>

I have attached some extra practice sheets for this .

<https://www.topmarks.co.uk/maths-games/5-7-years/addition-and-subtraction>

This is a nice site of games that your child may enjoy.

SESE- People that Help us

www.folensonline.ie/registration

Register as a teacher using Prim20 as the roll number to access resources. Click on 'Unit' , then choose number 6. Scroll down to 'Poster'. Discuss the poster asking as many questions to illicit understanding and further discussion.

Digital poster (Story mode)

Play either the Story mode 1 (starters) or Story mode 2 (flyers), depending on the ability level.

Digital poster (Explore mode): Talk and discussion

Go to the Explore mode of the poster. Ask children the following questions, using the pen, spotlight and zoom tools to aid you:

- Look at the picture of the fire engine and the ambulance. What is the same and what is different?
- Name three things you would find on an ambulance.
- Point to the stethoscope. What is a stethoscope used for?
- What do you think *first aid* means? What would be in a first aid kit?
- What is the trolley for?
- Point to the picture at the top right-hand corner. What has this man got on his face? What do you think this is for? What do you think the paramedic is saying to the man?
- Look at the bottom middle picture. Can you name these objects?
- What is the hose used for?
- Look at the bottom left picture. What is this girl's job? Can you guess what the different pieces of equipment she has might be used for?

What's wrong?

Read the following sentences to the children. Ask them to identify what is wrong, justifying

what they say, and giving you a corrected version of the sentence.

1. An ambulance brings healthy people to the park.
2. Ambulances are driven by teachers.
3. Paramedics are people who have been trained to help sick animals.
4. The trolley in the ambulance is used to bring patients shopping.
5. There is a camera on top of the ambulance.
6. Firefighters are very scared.
7. Firefighters start fights in the street.
8. Firefighting is a very safe job.
9. A firefighter wears a woolly hat to protect their head.
10. Firefighters wear shorts and tee-shirts when putting out fires.

Ask your child to decide what **emergency service** is needed, what **equipment** is needed, and **how they can help**.

1. Emergency A

The local library is on fire. There might be people inside.

What emergency service should you call? What equipment will they need? How can you help?

2. Emergency B

A football player has hurt his leg during a game. He can't stand up.

3. Emergency C

An elderly lady has fallen on the pavement and dropped all her shopping. She can't get up.

4. Emergency D

The fire alarm has gone off in school and smoke has been seen in the staff room.

History

Have a look at p69 of Small World. See if you can find the differences between then and now.

SPHE

Media - Adverts are Influences

<https://www.youtube.com/watch?v=h1XiiRbLp0Y> a website advertising toys

Adverts are messages from the manufacturer or people who make the product to try to make you buy that product. You could ask your child the following questions.

- *Do you think that children get confused if they see a lot of advertisements for different toys?*
- *Do the advertisements help you?*
- *Do they help you make up your mind about Christmas, special times or birthdays?*

- If they do, how do they help?
- If not, how do you make up your mind?
- Do you listen to what your friends say?
- Do you listen to what your parents say?

Ask the children to think for a minute and decide what they believe is the best toy in the world.

Maybe they could draw and colour this toy into their orange copy.

Religion

Mass is a time to give thanks to God for all that has been given to us.

Jesus was happy when he heard the word "Thank you"

Listen to the story of the ten lepers. Only one came back to say "thank you", but Jesus was delighted that at least one had thought to say it.

Write about what you are thankful for and draw a picture. You should be able to think of 5 things.

Music

I have found a really nice song called *It's a beautiful Day* that I think you would like to learn.

I have printed the words out,. Maybe you could illustrate it nicely.

Art and Craft

Have you LEGO? Maybe you could make something you haven't made before.

Continue to play with all those lovely toys. With the weather improving you will be able to play outside.

Joe Wicks and *Go Noodle* have great indoor activities just in case it is wet!

Stay safe and hope to see you all soon!
